## Text Responses

### Question: Expected grade

NA

C

A or B

A

### Question: Best thing about course

The field trip was awesome!

Being out in the field

Although the field work did not go as planned, the compromised trip was still very interesting, educational, and relevant to course content.

Getting to go out in the field and explore some amazing places in the PNW

### Question: Things to change about course

More time in the field with less writing

More field work opportunities.

Make the trip to southern Oregon happen :)
